

## Charity Partner for tomorrow's HSBC Sydney 7s

We are proud to have been chosen as an official Charity Partner for the 2016 HSBC Sydney 7s. Sydney will be the fourth Australian city to host a leg of the HSBC World Rugby Sevens Series this weekend at Allianz Stadium, in a sold out event that is sure to excite all who attend.

16 teams will be playing at the Sydney 7s; Australia, Fiji, South Africa, New Zealand, England, Scotland, USA, Canada, Portugal, Russia, Kenya, Wales, Scotland, France and Argentina.

We are so excited to form this new relationship with the Australian Rugby Union, and take great delight in the synergy of world class athletes supporting world class medical research for FSHD, the most common form of muscular dystrophy affecting adults and children.

We were given an opportunity to create a video for the big screen at the Sydney 7s this weekend. A special thanks; Chris Meier Films, the Australian Rugby Union, ARU players Con Foley, Sharni Williams, Lewis Holland, NRL player Paul Gallen and Mitch, we were able to highlight the importance of muscles in the body.

Watch our video being displayed on the big screen tomorrow below.
